Aarhus

Aarhus is a flexible, trendy and pragmatic table series in black stained ash and soaped oak. The 3 legs allow extra room for movement beneath the tabletop. The various sizes and heights make Aarhus an adaptable table usable for multiple environments. The Aarhus Table is light and flexible and therefore perfect for lobby and lounge areas, where it adds warmth and provides a contemporary feel to the surroundings. Aarhus is built from solid, sustainable wood, which makes it a quality solution in terms of feel, durability and sustainability.

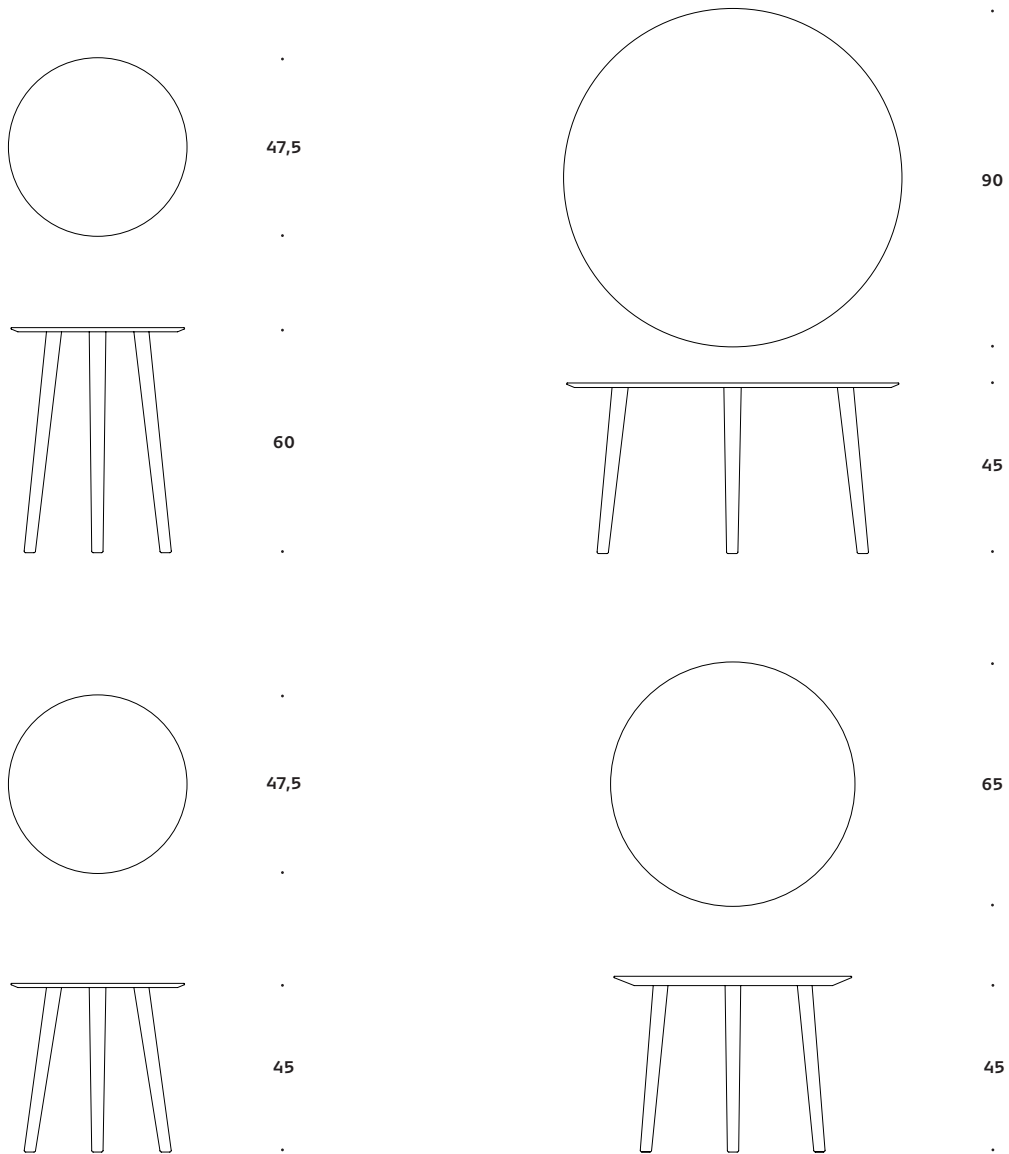

Designed by Bønnelycke Mdd

Bønnelycke MDD was established in 1988. Quickly, he became known as an unconventional architect with no whims and fancies. His ability to challenge and optimize the manufacturing process itself is to be found in Henrik's original professional background as a toolmaker.
