

Land Cantilever

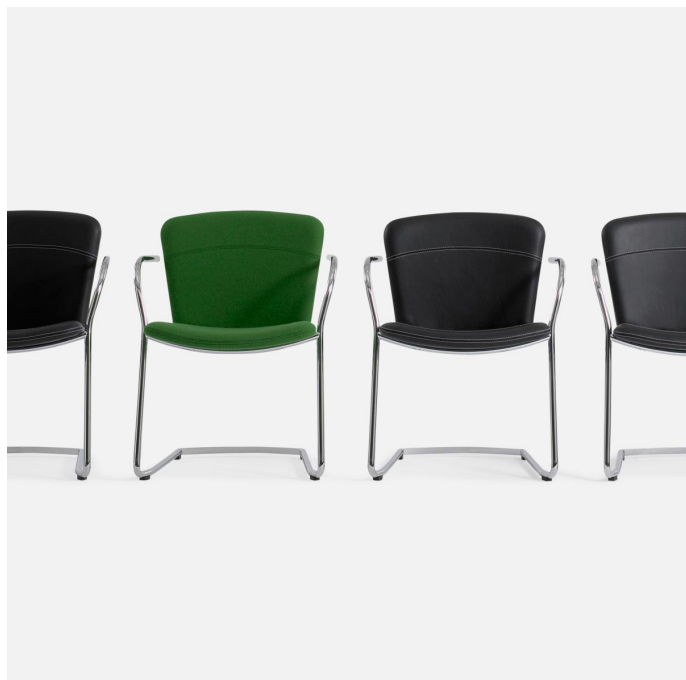

+Halle®

Land Cantilever

The products in the Land family are based on an upholstered shell with an elegant expression, where the seat and back are a reflection of each other. The upholstered shell is very comfortable even though there is only used a thin layer of foam. The Land Cantilever is stackable. The Land family also includes the Land Lounge and the Land Conference chairs.

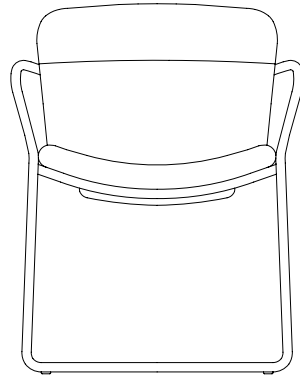

Designed by busk+hertzog

The Danish design duo was established in 2000 with a clear vision of being innovative and professional - but also with the aim of leading and inspiring a new generation of designers to further develop the Danish design legacy. The duo is located in Lisbon.
