SAVINA Sofa

Designed by Victor Carrasco, 2021

2021 — Savina joins our collection of ancillary furniture to enhance soft collaboration. An innovative sofa that presents a new universe of comfortable working solutions for every office, workplace, home, hospitality area or hybrid space.

Due to its soothing silhouette and its infinite compositions, we like to call it an island of collaboration, a reassuring spot to gather, work and retreat. An original, flexible and mindful sitting concept for hybrid spaces to nurture synergy, creativity, productivity, and well-being.

Get immersed and transport yourself into a new era of soft collaborative comfort designed to last. This is Savina.

Savina takes its name from the natural entrance to the island of Formentera

Savina takes its name from the natural entrance to the island of Formentera in Spain. This island is possibly one of the most serene places in the Mediterranean that connects you with nature and makes you unwind. This pleasant feeling of relaxation is what we wanted to recreate when sitting on a Savina sofa.

Featuring Savina with chaise longue, matching cushions and upholstered arm.

An island of collaboration

With Savina we wanted to fulfil one of our maxims: designing the most comfortable modular sofa that reinterpreted to perfection the feeling of sitting on a cloud and the relaxing sensation of floating on water. A collaborative island that conveyed both visual and physical comfort, with a more holistic approach, where the entire human routines have been considered to bring the most pleasant working experience.

Featuring Savina sofa with different modules, auxiliary tables and matching cushions.

Infinite modularity
with ease of movement,
agility and comfort

Pure dynamism.

Savina Chaise

"The independent chaise invites you to work for hours, exchanging ideas, working solo or in teams."

Harmony, comfort, and productivity. The new Savina Chaise leads to comfortable working and represents a new way of appreciating the ordinary. A versatile piece with casters, that encourages serenity and focus whilst performing the daily tasks. Savina invites you to sit for hours, exchanging ideas, working solo or in teams.

A versatile chaise with casters to focus whilst performing the daily tasks. Designed to last.

Featuring Savina Chaise with wooden table and technical fabric for extra resistance, designed to last.

CONNECTIVITY & MOBILITY

Connectivity is sorted thanks to its useful electrification options and its hidden casters add freedom of movement.

SAVINA & WORK

Working on a chaise longue has multiple benefits for the mind and soul. A practical and comfortable addition to places that seek a special seat for visitors, and workers to perform, relax and unwind. A piece that makes a great use of the space available and conveys a welcoming spot when looking for inspiration.

MULTIPLE OPTIONS TO CHOOSE FROM

Savina Chaise has multiple options: includes hidden casters, making it easy to place it anywhere and to create infinite combinations depending on the situation, accessories such as wooden tables, great when working on the laptop, arranging a videocall or enjoying a quick coffee, and discreet integrated electrifications, solving problems of connectivity when working away from the usual desk.

TECHNICAL FABRIC AT FOOT HEIGHT TO INCREASE DURABILITY

Mix and match different fabrics to achieve a bespoke chaise longue to work all day long. The technical fabric at foot height brings extra resistance and durability, adding a modern and relaxed aesthetic to the design. A good option for high-traffic areas: airports, hotel lobbies or staff breakrooms. Made to last.

The seating solutions are endless with Savina. Personalize it following your taste and needs with total freedom. The corner module amplifies its options, creating a comfortable composition to sit everyone in the room.

DESIGNED FOR SUSTAINABILITY

“We have created a recyclable sofa, made with as many components as possible from recycled materials. A living project that will be updated as we continue to strive in recycling innovation.”

For us there is nothing more sustainable than creating pieces that will last a lifetime. Pieces that will be part of our journey and will be present in our everyday. Everything we make must be meaningful for the environment and for our lives.

With the clear purpose of leading the way into a more sustainable design industry, with Savina we wanted to go a step further. We pursued a recyclable sofa, made with as many components as possible from recycled materials. A living project that will be updated and renewed as we continue to strive in recycling innovation. We also desired a sofa that was pure

comfort, both visually and physically, and invited users to sit on it for hours, collaborating, sharing thoughts, or just relaxing. Our "design for sustainability" ethos focuses on implementing changes in our collections, that prioritize the environment and foster conscious consumption habits. We have attained a recycled sofa that respects the user's requirements of space, use and function. A flexible sofa that works in any type of environment and contributes to a more respectful design industry. Therefore, we stand to innovate and bring conscious practices into our sector that will lead the change in how we perceive design. We create designs to last.

ECOALF

Savina Edition.

Ecoalf is a pioneer international sustainable fashion brand and is now our exclusive partner. Together, we lead the way to a more sustainable interior design industry

On the left, Victor Carrasco founder of Viccarbe. On the right, Javier Goyeneche founder of Ecoalf. Both sitting on Maarten chairs upholstered in recycled fabrics by Ecoalf.

As a novelty, Savina is also available with fabrics from recycled materials by Ecoalf, the pioneer brand in sustainable fashion. This joint venture materialized with a first edition of our iconic Maarten chairs, upholstered with their recycled fabrics made with residues collected from oceans around the world. As drivers of innovation within the fashion and design sectors, together with Ecoalf we blend our know-how in order to lead the journey to sustainability within the furniture and design industry. The aim of our collaboration is to highlight the responsibility of every manufacturer and agent involved in the furniture industry, and to achieve a positive outcome for the environment.

With Savina, Ecoalf edition, we have now gone a step further. We wanted to design a sofa to last many years, upholstered with Ecoalf's ethically recycled materials, and ingeniously made with wood from controlled timber, recycled and recyclable steel springs, and a percentage of soft padding from recycled polyurethane foams. Together, we lead the change to raise awareness in the design industry. *Because there is no Planet B.*

"A pioneer joint venture in the pursuit of maximum sustainability in the design industry."

A timeless sofa with *Ecoalf* *fashion recycled fabrics*

Five timeless colors, aligned with Ecoalf's coveted fashion collection, are available for Savina's upholstery. Soft and pleasant recycled fabrics by Ecoalf, made from over 250 million plastic bottles collected in oceans. These residues are first transformed into flakes and pellets in order to obtain a high-quality, 100% recycled filament to create long-lasting top-quality garments and upholstery fabrics for our Maarten and Savina lines. Choose your favorite color combination to create a sofa desgined to last.
